THE COMPANY

QCS' client is a professional organization that is recognized as the voice for women in real estate, and the premier source for the development of leaders in the real estate industry and beyond. They are a dynamic, accessible, and diverse network, linking each member to the tools, training, and support to develop their individual leadership potential and business goals. The organization identifies, supports, and promotes the development of strong women business leaders in the industry.

THE CHALLENGE

The company had 2 primary goals:

01

Reinstate lapsed members.

02

Contact members approaching expiration and accelerate the renewals process.

THE SOLUTION

Some core components of our business to business membership renewal & reinstatement program success included:

- Nearly 70% of our client's members have only wireless numbers. With it being illegal to call wireless numbers using an automatic dialing system (ATDS) without prior express written consent, we needed to mitigate any risk for potential compliance violations. QCS provided the solution needed to call all wireless records compliantly using our non-ATDS compliant technology.
- We knew that sending invoices and waiting for payments from the lapsed member would not be the most efficient approach to securing reinstatements. We sent zero invoices and had 100% of renewed lapsed members provide credit card payments over the phone. Productivity increased as we did not have to follow up once the invoice was sent.
- The QCS team provided insights around the outcome of each call. In a time when COVID was initially impacting the U.S., we were able to report back to our client how many members were citing they wouldn't renew.

THE RESULTS

**HIGHER
ROI**

The QCS team has really exceeded our expectations. They came to the table prepared with recommendations they learned from past experiences. That helped instill confidence in our organization that QCS was the right choice.
